Julie:

Comm v. [REDACTED]  
Boston Police Department's incident/CC number [REDACTED]

Please find attached a copy of one of the defendant's docket with the assent of defense counsel to change the previous order.

On December 1, 2011, defense counsel on these cases agreed to amend the order that I previously sent you on November 4th. The prior court order signed by Justice Gobourne said that the drugs could not be test without notifying defense counsel because he wanted an expert present.

The new order that defense counsel assented to says that defense counsel assents to testing without expert present. The evidence not be destroyed by Commonwealth.

The second part of the order, defense counsel stated that no drugs be destroyed in this case. Defense counsel understands that a small quantity of the drugs will be used for testing.

Thank you very much for your help.

If you have any questions, please call me at 617-522-4471 ext. 5605.

Julie:

I attached a copy of the Motion allowed by Justice Gobourne that defense counsel titled Motion to Inspect Evidence and Items Seized. I objected to the Motion, but the judge allowed the motion.

I spoke to the Attorney Marano after the motion and he said that he wants to make sure the lab does not test the evidence without notifying the DA's Office, so we can notify him. Attorney Marano wants to have the chance to get an expert/chemist.

The case is a Boston Police Department case that the arrest was made last night, November 3, 2011 at [REDACTED] West Roxbury. There were 21 bags of heroin recovered from the car. I am not sure when you give the drugs a lab number. I know Boston Police's incident/CC number [REDACTED] but I am not sure that helps.

I will be in the office on Monday. You can reach me at 617-522-4471 ext. 5605

As always, thank you very much for your help.

Sincerely,

Christopher Meade
